

Jack Tompkins

Data Analytics Speaker

Co-founder, Data & Dashboard Nerd, Pineapple Enthusiast
Co-founder and Partner, Pineapple Consulting Firm

Jack's presentation hit the sweet spot by presenting a common sense yet focused approach to develop and use key data points to support and drive small business decisions! Several mentors went out of their way to express appreciation and satisfaction with the presentation.

-Peter Safir, SCORE

Presentation Topics

Data-Driven Made Easy:
How to Build CFO Dashboards
So Good They Eliminate
Meetings

Grow today - not someday:
Seven simple steps to
implement a data culture
everyday

Practical Takeaways For

Business owners that want
to be more data-driven, but
don't think they have the
resources internally

Businesses that want to
deliver more value to their
clients, with data and custom
dashboards

"Pineapple" Jack Tompkins

Co-founder of

Data can be fun.
Seriously!

From founding
Pineapple Consulting
Firm to presenting in
front of crowds, Jack
aims to make data
attainable, easy, and
even fun!

He has an absolute blast
engaging with the
audience and sharing
the secrets of how
businesses can become
more data-driven the
easiest way possible.

*Very interesting and relevant,
simple and effective. Great topic,
great speaker!*

*Jack Tompkins speaks about data (yawn). I expected this to be a
super boring topic. I WAS WRONG! Jack made data fun and
approachable and meaningful!*
